GROUP

## TAKE YOUR PLACE ON THE STARTING LINE!

In our Global IT-Competence Centers (Marketing, Sales, Retail, Finance, Supply Chain Management and others) we fully support our business in its needs. This is the challenge our colleagues worldwide within the Global IT Organization are facing – having to react fast, innovatively and flexibly to changing business demands.

Are you interested in joining a fast paced and exciting IT Team? We are looking for motivated and ambitious students to join our Global IT Organization as part of our “**internship**” program:

### What we offer:

- Involvement in a project with own area of responsibility, e.g.
  - Development of a concept for contract management of our external IT-Vendors
- Strong involvement in our daily business, e.g.
  - Support in setting-up Global IT-Projects in terms of planning work and resources
  - Supporting SAP projects within our IT Competence Centers
  - Preparing analyses and presentations for our IT-Managers
- Gain deep insight and understanding of our processes and structures
- Working in an international environment

### Your profile:

- Very good MS-Office skills
- Intermediate Diploma (Vordiplom)
- Fluency in English written and spoken
- Very good communication skills
- Open minded team worker who enjoys working in an international environment
- Strong interest for project and process management within IT

**Duration:** ideally 4-6 months

**Next start:** August/September 2007 and February/March 2008  
(in general every term)

**Location:** adidas Global World of IT in Herzogenaurach/Germany
