BAD NEUENAHNER HEILWASSER

Original drinking pleasure from
the depths of my homeland.

Health and joie de vivre at your health spa

Sparkling medicinal spring water, natural health and total recuperation – the Bad Neuenahr health spa ensures absolute well-being amidst the Ahr Valley's stunning landscape. The state-of-the-art health resort combines expertise that promotes and maintains good health with an attractive range of wellness, cultural and active fitness options. 15 clinics and over 100 specialist doctors form the central pillar of Bad Neuenahr-Ahrweiler's centre for health expertise. Virtually all medical disciplines are covered, in order to guarantee the greatest possible success during treatment.

Medicinal spring water – drink it and feel better!

No other element is as good for your health as water, which explains Bad Neuenahr's global reputation as a health spa. Natural, warm and soothing: the health spa's officially recognised medicinal spring water. With the aid of natural carbonic acid, it channels its way from a depth of 95 metres and with a temperature of 34°C all the way to the surface in a fountain that reaches 10 metres in height. Science had already reached consensus on the healing properties to be had from the "Great Sparkling Water" back when it was discovered in 1861. The medicinal spring water found in Bad Neuenahr is particularly rich in valuable minerals and micro-nutrients, and has been providing its health-promoting attributes for over 150 years.

The spa park – experience nature and culture

The Bad Neuenahr spa park is home to the heart of the Bad Neuenahr health spa. The "Great Sparkling Water" rises up from its mineral spring, which can be found nestled between a green expanse, towering trees and breathtaking flowerbeds which change with the seasons.

Drinking fountains offer guests the opportunity to enjoy Bad Neuenahrer medicinal spring water as part of their everyday sense of well-being. With its seating and lounge options, the Kneipp area and numerous stimuli for all five senses, the Bad Neuenahr spa park is the perfect location to be active, recuperate and relax. It's not just nature that offers the chance to recharge your batteries for everyday life. A varied cultural programme provides fascinating stimulation for the soul. Whether it's concerts, cabaret and theatre or cultural enjoyment in the open air – a wonderful experience is guaranteed.

A visit to the spa park and the regularly hosted Concerts in the Park are free with the Guest Ticket. Guest Ticket holders also receive discounts at many events in the spa park and at the concert hall.

The fascinating show of water, fire, lasers lights and music

A captivating tableau of coloured light and laser effects, some of history's most stirring musical pieces, blazing pyrotechnics and gigantic water fountains formed of billions of droplets shooting over 30 metres into the night sky: Bad Neuenahr-Ahrweiler's Klangwelle (Wave of Sound) brings together the elements of water, fire, lasers, lights and music to bring you a one-of-a-kind mega show guaranteed to give you goosebumps.

Over 16,000 visitors within two weekends in October

Across eight evenings from 11-14 and 18-21 October 2018, the eyes of thousands of visitors will light up with glee during the Klangwelle spectacle at Bad Neuenahr's Kurpark. Bad Neuenahr-Ahrweiler will be hosting the large-scale event for the fifth time this year.

With over 16,000 visitors every year, Klangwelle has established itself as a new tourist attraction throughout the region between Cologne and Koblenz and beyond.

Be amazed, indulge and enjoy yourself

In the city which owes its fame to its sources, the Klangwelle makes a spectacle of the very thing that defines Bad Neuenahr: water in all of its beauty. Projected into the air and above the treetops, water then begins to form a small wave which then transforms into a "hydroscreen", which is used to project images and videos: just like at the movies!

But it's the beautiful music programme that turns the show into a moving and complete work of art. Klangwelle uses well-known melodies from the genres of classical, rock, pop and Rhineland folk music in perfect timing, combining it with all of the other effects to produce breathtaking results. The event venue at the Kurpark with a musical interlude and a varied selection of food and drink on offer opens every day at 6pm. The show, made up of four acts and two intermissions, starts at 8pm.

Formerly the most secret site in the Federal Republic

In March 2008 a unique national witness to the Cold War opened its atomic bomb-proof doors as a museum - the former government bunker in the Ahr valley. Part of the 17.3 km facility has been preserved. On a 90-minute tour visitors can gain an impression of this subterranean world that, until recently, was still subject to strict secrecy. The „Emergency HQ of the constitutional bodies of the Federal Republic of Germany in crisis and war“, which can accommodate 3,000 people, was constructed between 1962 and 1971. Extensive documentation and many original objects in their original location provide information about a chapter in German history which was part of the global mutual nuclear deterrent in the East and West during the Cold War era.

Opening hours: End of March to mid-November, on Wednesdays, Saturdays and Sundays and public holidays from 10:00 - 18:00 hrs (last admission 16:30 hrs)

Participants are rewarded with a tasting of two Saffenburg edition wines (dry Pinot Noir) at the look-out point of the castle. The walk then leads back to the wine cooperative, where there is a tour of the barrel cellar and the wine museum. No registration is required.

The tour lasts about 2 hours. The price for guest card holders is € 7,50 (normal price € 9,50).

Wine tasting for all at the Ahrweiler Winzer-Verein

The historic Ahrweiler Winzer-Verein cooperative, with its family atmosphere, was founded in 1874 and, with about 78 members and around 25 hectares of vineyards, has developed into an important part of viticulture in the Ahr valley.

The old vaulted cellar not only provides the ideal conditions for the Ahr wine to mature, but with its rustic atmosphere it is also an excellent setting for tasting the wines. Whether it's for a conference or a club, company or family excursion, in this unique atmosphere winetasting becomes an unforgettable experience.

From April to October the Ahrweiler Winzer-Verein offers the tasting of four different wines in the historic wine cellar, together with a tour of the cellar every Wednesday and Friday at 15.00 hrs. The Friday guided tour also takes place until the fourth weekend of Advent.

Guest card holders pay only € 6.

A unique „centre of the arts“

One of the finest art museums in the Rhineland, the Arp Bahnhof Rolandseck Museum boasts spectacular architecture. Consisting of a classical 19th century station building and the modern new building designed by leading architect Richard Meier, it provides a wonderful view over the Rhine and the Siebengebirge area. The museum offers an exhibition of art from the Middle Ages to the present day, displayed on four floors. In addition to the collection of works by Hans Arp and Sophie Taeuber-Arp, one of the most important artist couples of the modern age, the museum displays major temporary exhibitions of international contemporary art and outstanding old master paintings from the Rau collection for UNICEF. The programme is complemented by classical concerts, a chamber music festival and readings. Guest card holders can take the Ahrthalbahn railway from Bad Neuenahr-Ahrweiler to the museum free of charge. At weekends there is a direct connection; on weekdays the train journey is also straightforward, with a change of trains at Remagen. Terms and Conditions – Bus and Rail

Tourist accommodation locations in the town of Bad Neuenahr-Ahrweiler participating in the Guest Ticket scheme have a special service on offer for you during your stay! You will receive a Guest Ticket from your tourist accommodation. This allows you to use all buses and trains for free throughout the Rhein-Mosel public transport network (VRM).

1. The visitor pass is exclusively valid on public transport operated by the VRM (Rhine-Moselle transport authority) (on 2nd class trains - not IC or ICE trains) and within the district of Ahrweiler. This therefore also includes free use of the Ahr Valley railway from Ahrbrück to Remagen and the service along the Rhine from Rolandseck to Koblenz.
2. The Guest Ticket is only valid when all details have been filled in (name and place of residence with dates of arrival and departure). If the date of departure cannot be determined beforehand, the host shall enter your anticipated day of your departure. Should you stay for longer than anticipated, you shall receive a new Guest Ticket.
3. Subsequent changes to the Guest Ticket shall render it invalid.
4. The Guest Ticket is valid for passenger transportation. Taking bicycles on public transport is free of charge throughout the day on workdays after 9 AM, and on Sundays and public holidays – insofar as sufficient vehicle capacity is available.
5. The respectively valid regulations stipulated by the Rhein-Mosel public transportation network (VRM) shall apply when transporting animals – transport in closed boxes is free of charge; in other instances a discounted single ticket must be purchased for the corresponding distance.
6. The guest ticket shall only be valid in combination with an official form of photographic identification held by the person whose name appears on the Guest Ticket.
7. The Guest Ticket is non-transferable.
8. Further information can be obtained from your host, the local tourist information centre and online at www.ahrta.de.

Please note the conditions of this Guest Ticket. Please also be aware: When leaving the district of Ahrweiler heading in the direction of North Rhine-Westphalia by bus or rail, you must purchase what is known as an Extended Ticket (Anschluss-Ticket). A map displaying the public transport network for the district of Ahrweiler can be viewed on page 8/9 for improved clarity regarding the Guest Ticket's scope of validity.
